## STENNIS INDUSTRY DAY

Henry Molner, the NASA Small Business Specialist at Stennis Space Center, was very pleased with Wednesday's turnout for the center's Industry Day and Small Business Expo at Casino Magic in Bay St. Louis. Nearly 550 people attended the convention, which was designed to provide industry representatives, particularly small businesses, with an opportunity to meet and discuss potential business opportunities with NASA, federal, state, and commercial agencies located at Stennis Space Center. According to Molner, there were 48 booths at the expo representing the various vendors, businesses and programs at Stennis. "The last expo was held two years ago and drew around 200 people," he said. "We have more than doubled that this year."

Postmaster laments end of an era

BY GEOFF BELCHER

For the past eight years, Temecia Ellis has commuted from Picayune to Bay St. Louis to operate the "Downtown Station" post office, a chore she says she

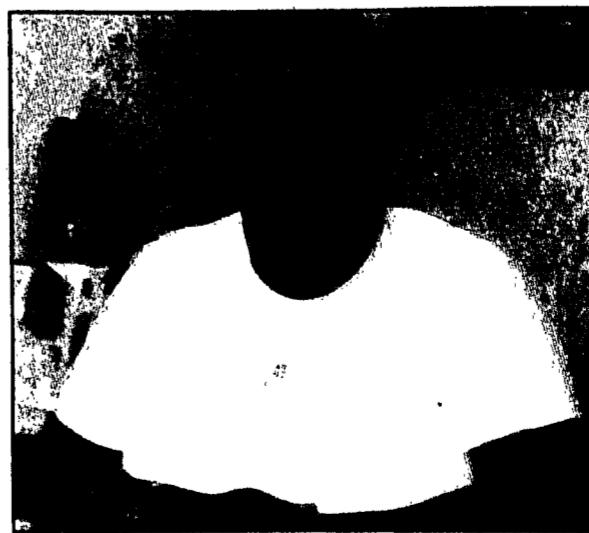

doesn't mind a bit because "These people are like family. There's no place like Bay St. Louis. There are just some really, really nice people here."

Unfortunately, Ellis said yesterday, Aug. 31 is the last

day she'll be at the downtown station. She is resigning. Even more unfortunately, she said, the U.S. Postal Service has decided not to put another contractor downtown.

For the foreseeable future, she said, all downtown station customers will

## '12 Miles South' group to host rally Sunday

BY GEOFF BELCHER  
News Editor

Bay St. Louis City Council members voted unanimously on Tuesday to adopt a resolution proposed by the Twelve Miles South Coalition to urge Mississippi legislators to prevent oil-and-gas companies from putting rigs closer to the Coast than 12 miles south of the barrier islands.

"Once you destroy something, you can't ever get it back," 12 miles south organizer Robert Barq told councilmen and Mayor Eddie Favre Tuesday at the council's regular meeting. "I've seen it happen in Biloxi before urban renewal. I've seen it in Pascagoula. Remember Claiborne Ave. in New Orleans before ... the federal government put in the interstate?"

Not only would oil and gas rigs in the Mississippi Sound potentially ruin the Coast's environment, Barq said, it could devastate our economy. "We're sending

## 'Big John' Rutherford will be sorely missed

The passing of John D. (Big John) Rutherford signified the laying to rest of one of Hancock County's most known and recognized citizens who was beloved for his many contributions.

He worked with the American Legion, Blood Bank at Oschner's Foundation Hospital and the American Red Cross, Boy Scouts, Hancock Medical Center, Masonic Lodge, March of Dimes, Mississippi Deep Sea Fishing Rodeo, and the list goes on and on.

In my lifetime, I have known no one else who oversaw the preparations of so many benefit dinners as Big John did.

If someone had a need to raise money for any cause, if a meal was to be served, all they had to do was ask Big John.

For someone who was raised at the 'County's Poor House,' Big John 'walked tall' throughout his life. (His parents operated the county's home, which was known as the Poor House, located on the Kiln Road 'Highway 603' at Bayou LaCroix for many years.)

He also served his Country in World War II and county as Circuit Clerk in addition to serving as a Hancock Chancery Clerk.

In his 85 years, Big John had a very active life, as prior to being

"Big John" Rutherford

elected to office, Rutherford served in the U.S. Coast Guard, worked for the Internal Revenue Service, and retired from the U.S. Postal Service.

For many years, he even prepared income taxes for many of us.

Big John and his late wife, Rosemary (Rose) Walls Rutherford, were very proud of their three sons and two daughters, all of whom have remained in the Bay-Waveland area. His late son Jimmy Rutherford was a Bay St. Louis Councilman-at-Large, in whose honor the community pier is named.

During a lifetime there are very few folks who come along like Big John.

For me, it sure has been an honor and privilege to have known such a great Hancock Countian as John D. (Big John) Rutherford.

## Letters -- environment

The closer the oysters are to the plant, the higher the chemical content will be. Each scientist should be questioned as to where was each sample taken. What was the process for determining content? For example, were the oysters rinsed before the sample was taken? A truly independent study would involve an organization with no conflict agreed upon and funded equally by DuPont and the plaintiff's attorneys.

We are living in an era when industry has completely overwhelmed our political and legislative processes. Energy companies just received a taxpayer hand-out worth over \$14 billion dollars at a time when they have received unprecedented profits due to high gas prices (Chevron's CEO recently boasted their strongest year in its 125-year history, both financially and operationally with a net income of \$13.3 billion).

The pharmaceutical industry received a financial windfall by lobbying for legislation to disallow cheaper drug imports. Their lobbying and marketing expenditures now far exceed their research and development costs. At the same time, our poorest of citizens in Mississippi are

now limited to only five prescriptions a month and veterans have seen their benefits cut in the amount of \$25 billion. How can one compare "soaking the rich" to "killing the poor?"

The fact is, fifty-four percent of tax cuts went to individuals making over \$1,000,000 a year. And fully 97% of the cuts will go to those earning over \$200,000 annually. Everyone else can split the remaining 3%. Is this just or even prudent fiscal policy? As constituents, we must be held personally accountable for these actions. We voted for the oil, gas, and industrial interests to control our government.

As individuals, we could conserve, but why drive a 20 mpg minivan when you can look cool in a 12 mpg sport utility vehicle? We look down our noses at the disadvantaged and are fascinated and want to be associated with the affluent, even if they prove somewhat useless (e.g., Paris Hilton). We're all willing to push someone else's button without considering the ripple effect.

They buy Oreos and we buy Teflon-coated pans (Last year DuPont paid \$82 million to settle a class action suit brought by residents of Parkersburg, West Virginia, where a chemical

found in their water is believed to cause birth defects and cancers in their community).

They push our button. We push theirs. With this mentality, children's chronic health problems continue to rise and nearly 40% of us will now have to cope with cancer at some point in our lives. These are just the short-term consequences.

Most of us truly cannot foresee the long-term consequences of global warming and the damage done by ripping through the Earth's crust for every last scrap of fossil fuel. Now that our national parks are under attack there is truly no place left where God's creations are sacred.

I truly admire what the Republican party once stood for; personal and fiscal responsibility, environmental safeguards, advocates for life. But this is no longer your grandfather's Republican party; it's industry's. Unfortunately, it will take decades to undue the damage we refuse to yet recognize.

A fellow parishioner once contended to me that "We cannot live without industry!" (This, despite the fact that she had just recently lost her husband to cancer and copes with a daughter's cancer that is currently in

Continued from Page 4A

remission).

I reminded her that humanity existed long before Henry Ford's production line. And many countries have longevity that exceeds the United States, without the healthcare debt. If we truly believe in the preservation of life, then our passion must not wane once a child is outside the womb.

Industry may provide a certain quality of life, but humans are arrogant to assume that they can sustain it without the natural order of things as dictated by an omnipotent Creator who spent 5 out of 7 days creating the foundation for our survival.

Or, for the fans of Darwin, how can we overturn billions of years of evolution in just a few generations without assuming an ecological backlash?

Time will prove beyond a reasonable doubt that we cannot poison our environment without poisoning ourselves and our children. The question is, how significant will the fallout be before we are willing to accept this and make greater strides toward conservation?

## Buras named principal at Bay Catholic Elementary

Bay Catholic has named Janet Buras as the school's new principal. Buras, a native of New Orleans, has been committed to Catholic education for 26 years.

An experienced administrator, Buras began her career in 1979 and served as principal of three elementary schools in the Archdiocese of New Orleans. Prior to Bay Catholic, Buras served as principal of Our Lady of the Lake School in Mandeville. Under her leadership, Our Lady of the Lake received the "No Child Left Behind Blue Ribbon Award" and accreditation from the Southern Association of Colleges and Schools.

"Her experience as both teacher and principal spanning 26 years will be a tremendous asset to the continuing development of Bay Catholic," said Father Michael Tracey, pastor of Our Lady of the Gulf Parish. Bay Catholic School Advisory Council President Matt Scardino added, "We are thrilled to welcome Mrs. Buras to our Bay Catholic family. Her vast experience, innovative ideas and desire for excellence will be a blessing to each of our students."

For Buras the position of principal is more than a job. She considers her role in Catholic education to be her ministry.

"My goal this year is to

Janet Buras

focus on a theme of Christianity, Community, Cooperation and School Spirit. Our faculty of dedicated professionals will focus on creating a loving community that will create an excellent environment for learning," said Buras.

"It is my prayer that by our example and the examples of our wonderful parents, we will provide our children with a sense of respect for themselves and others that will help them become young ladies and gentlemen who will well represent Bay Catholic in the community for years to come."

Her work at Bay Catholic is well underway as renovations to classrooms have been completed. Buras hopes these changes will add to a great start for the new school year.

She received the Salute to Leadership Award in

2004. She is a member of the National Catholic Educators Association, the Elementary Principal's Association, the Louisiana Association of Principals, and the Louisiana Middle School Association.

# Please help save animals' lives

Friends of the Animal Shelter in Hancock County wish to thank the citizens of Hancock County for stepping up to the plate after the twenty one "lab-a-houla" puppies were brought to the Waveland Animal Shelter on Friday August 5. The pups were the result of litters born to two female labrador retrievers (and one very affectionate male catahoula) at the same time in the same household. Within a week after being brought to the shelter all but eight of the pups had found a home.

These puppies were lucky but that is not always the way things end for the thousands of unwanted and abandoned companion animals brought to shelters everyday across the country. Eighty percent never find homes and, it then falls on the staff at the animal shelters to euthanize perfectly adoptable pets everyday. That's eight hundred animals out of every one thousand!

These numbers are appalling and the only way to prevent this is through positive prevention programs such as spay and neuter. The Waveland Animal Shelter staff, Friends of the Animal Shelter and our local vets are working together diligently to reduce the num-

bers of animals brought into the shelter. As of October 31, 2003, every pet adopted from the shelter is spayed or neutered before going to its new home. If you already have a pet, you can pick up a low cost spay/neuter certificate available at the shelter any day and take it to one of the vets listed on the certificate. FRIENDS also has a low cost program

available to low income families with pets. With all these programs in place one would think the pet overpopulation would be resolved but that is far from true.

So, the next time you think it would be cute to breed FiFi and Fido or Flurry and Tigger consider what can happen to the offspring of these unions. If

you don't want any puppies or kittens around then have your pet spayed or neutered. If you need assistance with having your pet fixed please call FRIENDS at 216-PETS (7387). Also, please consider adopting your next pet from the Waveland Animal Shelter.

## Joachim named assoc. provost of Southern Miss Gulf Coast

A recently retired administrator with the Ocean Springs School District has been selected to lead The University of Southern Mississippi's Gulf Coast campus and teaching sites.

Dr. Patricia Joachim will assume duties as Southern Miss associate provost for the Gulf Coast, effective immediately, serving a two-year interim appointment. A national search for a permanent replacement will be conducted at a later date.

"I'm very excited about her coming out of retirement to take this position," said Southern Miss Provost and Vice President for Academic Affairs Dr. Jay Grimes. "Dr. Joachim is well-respected. The business community thinks highly of her, and educators admire her for her leadership and dedication. She'll do a wonderful job working with all of our constituents on the Gulf Coast."

As associate provost, Dr. Joachim is responsible for academic affairs on the

coast campus and teaching sites, which include the Gulf Park campus in Long Beach, the Gulf Coast Research Laboratory, the Stennis Space Center and the Jackson County campus. Southern Miss also provides educational opportunities at Keesler Air Force Base in Biloxi and a public outreach center at the Scott Aquarium.

In addition to serving as coordinator of Programs for Educational Leadership and Research at USMGC, she also has extensive administrative experience in education within the Gulf Coast's school districts. Before serving as principal at Central Elementary School in Gulfport, she was assistant principal at Fernwood Junior High School in Biloxi. Most recently, Dr. Joachim was the assistant superintendent of personnel with the Ocean Springs School District. Both chairing and serving on several review teams, Dr. Joachim has a wealth of experience with accreditation issues involving the Southern Association of Schools and

Colleges (SACS). "This is an exciting time for us on the Gulf Coast with great opportunities for growth," Dr. Joachim said. "Educationally, Southern Miss definitely wants to be a pioneer rather than a follower."

Along with increasing student enrollment on the coast, Dr. Joachim said other goals include expanding partnerships between the university and businesses in the southern part of the state.

"I'll work hard to make sure as a dual campus we have a seamless operation in which students have the same curriculum and quality of education on all campuses," she said.

Dr. Joachim received her doctorate in educational leadership in 1998 from Southern Miss. She also earned a master's degree in administration and supervision at the Gulf Coast campus in 1993 and a bachelor's degree in elementary education in 1976 from Southern Miss.

For more information, contact the Office of the Provost at (601) 266-5002.

The Sea Coast Echo is participating in the Newspaper in Education Program, (NIE), for the 2005-2006 School year. Sponsors are needed to help provide newspapers for classroom use. During the 2004-2005 school year, all area schools participated in the NIE Program.

You can help by sponsoring a specific teacher(s) at one or more of our schools. Sponsorships are \$150 per class per year.

N.I.E. and YOU make it possible to put our local newspaper in the classrooms to put students in touch with what is happening in their community. Thanks to you, N.I.E. is possible!

Newspapers In Education is a program in which newspapers supplement traditional teaching materials in the classroom. N.I.E. programs are provided to local schools through paid sponsorship programs.

Newspapers In Education programs teach with the newspaper. Students learn to become critical thinkers through reading, analyzing and discussing newspaper stories and editorials. They use the knowledge they gain to engage in conversations with peers and family members.

If you would like to be an NIE SPONSOR or if you are a teacher and would like to use the Echo's N.I.E. program in your classroom you may contact THE SEA COAST ECHO at 467-5474.

No. Never have. Do you have any idea what the average square footage of a teepee is? Take a Sunday drive through the reservation and you'll see baseball diamonds and middle-class neighborhoods just like any other American town – well, except for the stickball fields. But our community hasn't always made for such a pleasant drive. Thanks to tribal ventures in the high-tech and hospitality industries, we're now able to pay for our fire department, police, schools, roads, water and sewer service – all with no financial support from Mississippi. **GINO SCIALDONE**

Gino Scialdone, 75, died at his residence in Diamondhead after a long and courageous battle with ALS (Lou Gehrig's disease) on Monday, August 15, 2005. He was born on February 16, 1930 in Gaeta, Italy. He joined the Italian Merchant Marine after World War II and later moved to New Orleans, LA. Gino had three children, became a successful business executive, and lived a full life.

Gino founded the Gulf Coast Italian American Cultural Society and dedicated much of his life to the success of the American Italian Federation, including service as its President. He has catered to the needs of immigrants, tourists, and businessmen as the Italian Consular to the State of Mississippi. In recognition of his lifelong service to Italians, Gino was knighted by the Republic of Italy. Gino's life exemplified the spirit and tenacity of Italian immigrants, their commitment to family, community development, and civic responsibility.

Gino was born in Italy to Salvatore and Leonilde Scialdone. He was the youngest of four siblings. At the age of 18, Gino entered Nautical School after World War II in order to immediately support his family. He would eventually attain the highest position available in the Italian Merchant Marine: Master-All Oceans-Unlimited Vessels. On one of his many trips at sea, he would meet and marry an American and move to the USA.

Moving his family to Gulfport in 1965, Gino went on to become a key industry leader in developing the Port of Gulfport (which would grow to become the largest tropical fruit port in the US). After 40 years of service, Gino retired Vice-President and Director of U.S. Terminal Operations of the Dole Food Company. Along the way, he founded the Gulf Coast Italian-American Cultural Society, became a founding member of Goodwill Industries of South Mississippi, and served on the boards of numerous charities and civic organizations.

Gino leaves behind a loving and devoted family. His wife, Cecile Miketinas Scialdone, of Diamondhead, three children, daughter Maggie Dannreuther and spouse Chris, of Long Beach; daughter Jennifer Leblanc and spouse Patrick, of Lafayette, Louisiana, son John Scialdone and spouse Julie, of Diamondhead; a step-daughter, Jamie McNally Henderson and spouse, Robbie of Montgomery, AL. Gino had

six grandchildren: Charles and John Piccione, Melissa and Stephen Passman, and Laura and Christopher Scialdone. All adored and respected their grandfather and were especially close to him. The family also wishes to thank Jason Kelly who took excellent care of Gino and treated him as a father. The family also wishes to recognize Gino's personal trainer, Constant Payne, who worked with him so lovingly for the past three years.

The Mass of Christian Burial was held Wednesday, August 17 at 3 p.m. at Our Lady of the Gulf Catholic Church in Bay St. Louis with visitation from 1 p.m. until the Mass. Burial will be at the Scialdone Family Chapel in Gaeta, Italy. Persons wishing to send a memorial on Gino's behalf can do so to the ALS Assn. <http://www.als.org> or (818) 880-9007.

## Naval Research Lab's Dr. Herbert Eppert receives meritorious Presidential Rank Award

## THE SEA COAST ECHO

Dr. Herbert C. Eppert, Jr., superintendent of the Naval Research Laboratory's (NRL's) Marine Geosciences Division, is a recipient of the 2004 Presidential Rank Award for Meritorious Executives. Each year, the President recognizes and celebrates a small group of career Senior Executives with the President's Rank Award for exceptional long-term accomplishments.

Dr. Eppert's distinguished leadership in the field of marine geosciences has had, and continues to have, a very profound impact on the Navy, the Department of Defense (DoD), and nation and internationally. His vision and leadership have created an internationally recognized group of scientists and engineers with cutting edge programs, access to world-class facilities, and dedication to serving the needs of a wide range of Naval programs as well as a multitude of other DoD, national and international interests. Dr. Eppert's nomination notes that "without his unrelenting dedication and perseverance, this outstanding organization and coalition of cooperative interests could not have been achieved."

Starting with the establishment of the Naval Oceanographic Research and Development Activity

Dr. Herbert C. Eppert

(NORDA) at Stennis Space Center, Mississippi, through the merger with the Naval Environmental Research and Prediction Facility to form NOARL and the NOARL merger with NRL in 1992 and continuing today, Dr. Eppert has provided continuous leadership in establishing new organizational structures; directing science, technology and applied research; recruiting young research scientists and engineers; world class researchers in ocean sciences; strategic planning; financial management; and acquisition of state-of-the-art facilities and instrumentation.

In 1992, Dr. Eppert, working with senior NRL leadership, developed and implemented plans establishing two new NRL divisions, Oceanography and Marine Geosciences. The Marine Geosciences

Division consisted of branches at both Stennis Space Center, Mississippi, and Washington, DC. Dr. Eppert's leadership was crucial to the successful integration and development of a cohesive division with a high level of morale and shared goals. In addition, Dr. Eppert assumed responsibilities for the Office of Research Support Services at NRL SSC, which provides administrative support such as security, safety, facilities, and public affairs for all NRL personnel located at Stennis Space Center.

The end of the cold war led to significant changes in the emphasis of the Navy shifting from deep water Anti-Submarine Warfare as the highest priority research area to operations in shallow water and coastal regions. Dr. Eppert led the development of an entire new science, technology and applied research program focused on understanding, characterizing and predicting the change in seafloor (shape and underlying sediments) in nearshore and coastal regions. New scientific expertise was recruited and unique instrumentation for ocean and laboratory experiments were acquired. T

he goals were to provide the Navy and Marine Corp technology leading to an advance capability to detect mines (particularly mines

buried in the seafloor) and conduct safe and timely amphibious landings through the surf zone to the beach. New techniques and algorithms are being developed to improve navigation capabilities for unmanned underwater vehicles during hydrographic surveying and Naval reconnaissance and surveillance operations. Advanced video imaging techniques are providing critical parameters for the prediction of surf zone dynamics and beach change.

The capabilities to map and characterize the seafloor in denied areas using combat sensors was successfully demonstrated and is scheduled for integration into the Fleet in the near term. The Marine Geosciences Division is a world leader in methane hydrate research and is deploying advanced acoustic imaging systems for understanding impact of methane on seafloor stability and acoustic propagation. The research accomplishments also benefit coastal zone planning and management, beach restoration, fisheries, charting for safe ship navigation, and other national coastal and near shore interest.

Dr. Eppert is a member of the Marine Technology Society, The Oceanography Society, Society of Exploration Geophysicists,

American Geophysical Union, American Association for the Advancement of Science, American Association of Petroleum Geologists, and Society for Sedimentary Geology.

He was recently elected President of the Society for Counter-Ordnance Technology. He represents NRL on the Stennis Space Center Executive Council and Policy Board for the Center of Higher Learning - coordinator of all educational activities at Stennis Space Center.

### Jackson Hewitt® Income Tax Course Starts Soon

#### Enroll and learn how to prepare income tax returns!

"I signed up for the Jackson Hewitt Income Tax Course thinking maybe I could do my own taxes and save myself some money. I was so impressed with the course material and the tax knowledge of the instructors, I went on to become a tax preparer working for Jackson Hewitt Tax Service!" Said Julius Wright.

Julius is one of thousands of students who enroll in the Jackson Hewitt Tax Service Income Tax Course, or ITC, a six-week program offered each fall in Jackson Hewitt Tax Service offices nationwide. This instructor-led course is ideal for students who enjoy learning in a classroom environment. While the course provides students with the basics of individual tax preparation, it's the review of tax industry insights, "hidden" deductions and under-utilized tax advantages that make the course truly valuable.

The Jackson Hewitt Income Tax Course

gives you a better advantage... when you file your taxes because you learn about all the credits and deductions available to you," said Vonne Wilson.

Mrs. Wilson signed up for the Jackson Hewitt ITC when she was 17 years old, hoping to learn how to prepare her own taxes as she entered the work force for the first time. She did so well in the program that she decided to apply for a job as a Jackson Hewitt tax preparer.

The ITC is a 6-week program that meets for two three-hour sessions. Trained tax professionals lead each class and apply adult learning theories to teach participants how to complete the forms and schedules necessary to file an income tax return.

Tami Dowdle was very impressed with Jackson Hewitt's instructors whom she credits with being completely up to date on all the

latest tax laws. According to Tamu, the Jackson Hewitt Income Tax Course provides participants with an "understanding of taxes that works whether you're a professional or a homemaker."

The Jackson Hewitt Income Tax Course has helped college students, military spouses, stay-at-home parents, retirees and many others acquire the tax knowledge necessary to prepare tax returns for themselves, their family and friends. Many even start a new career as Jackson Hewitt tax preparer.

For more information, please call 228-463-1040, or visit us online at [www.jacksonhewitt.com](http://www.jacksonhewitt.com).

\*Completion of this course is neither an offer nor a guarantee of employment. Additional training or experience may be required. Most offices are independently owned and operated.

### THE SEA COAST ECHO

St. Clare students were greeted with hearts of love and balloons to welcome them to the first day of the new school year. Father Gillespie and Mr. Cumella, the principal, were on hand to greet the students and parents as the children emptied out of their cars. The school year fell on the Feast of St. Clare, August 11th, so a special mass was said to start the year off

right. The teachers led the mass with the readings, petitions and the bringing of the gifts to the altar. Father Gillespie spoke about St. Clare and her devotion to

the Lord. As a special treat the student body enjoyed hotdogs and hamburgers with an extended recess added as a bonus.

## 1965 Movie magic comes to town

### TEN YEARS AGO

August 3, 1995 - County and city officials gathered Wednesday afternoon to plan strategy for the possible landfall of Hurricane Erin in Hancock County. As of late Wednesday night, the hurricane was expected to make landfall in Gulfport, which should keep Hancock County west of the storm's center. The worst possible scenario for the county, Hancock County Civil Defense director Bobby Boudin said, would be for the storm to pass south. "We could expect tides up to eight feet in that case," Boudin said.

The uncertain path of Hurricane Erin forced the Jubilee Casino and Casino Magic to shut their doors at midnight on Thursday. The Mississippi State Gaming Commission had earlier ordered all coastal casinos to be closed by 6 a.m. Thursday. "We've been watching Erin since it formed as a depression," said Greg Bradley of the Magic. Bradley said Magic had just completed an upgrade of its mooring system in June, and that the barge was "now capable of withstanding 155-miles-per-hour winds and a 20-foot tidal surge."

### TWENTY YEARS AGO

August 1, 1985 - South Central Bell cable repairers were busy Tuesday night repairing a 1000 pair telephone cable at Dunbar and Carroll Avenue, Bay St. Louis damaged during sewer and water line repairs. Don Roberts, South Central Bell district manager, aid information he received indicated the tracks of a digging machine accidentally slipped into the cable causing the outage. The telephone crews constructed a wooden frame to cover the cable in case of rain. Work continued until 6 a.m. Wednesday morning when a heavy shower caused a two hour delay, before continuing until 4:30 p.m.

Are you tired of going swimming with a "built-in" innertube or wearing shorts to the beach instead of a sexy bikini? Lose that unwanted and unhealthy fat by joining Extension Weight Off Wisely group. It's free! Classes begin Wednesday at 9:30 a.m. in the Bay St. Louis Library meeting room. For additional information, contact Darlene Underwood, Extension Home Economist, at 467-5456.

## Gulf Coast soccer teams qualify for Nationals

The Bay St. Louis Renegades defeated the Baton Rouge Dragons 8-0 in the championship game of the US Kick-It 3V3 Soccer Shootout held at the New Orleans Soccer Academy. The Renegades won six consecutive games in winning the championship. The victory qualified the team for the World Championships to be held at Disney's Wide World of Sports Complex in January. ### THE SEA COAST ECHO

The Gulf Coast Gators, a Diamondhead U7 soccer team, made up of boys that played for Bay Area Youth Soccer last season, has qualified for the National Kick-It Soccer Shootout in Orlando Florida in January. They earned this honor by winning first place in the New Orleans Kick-It Soccer Shootout on August 13 and 14th.

Coach David Dodd said "I do not think that the weekend could have gone any better. We had a couple of losses for humility and experience, and then a couple of wins when it really counted! I am extremely proud of how the boys bounced back from the games on Saturday to take the tournament on Sunday. This ability to snatch victory from defeat is a sign of true champions, and the boys deserve the medals

they earned.

"Everyone played with heart the entire weekend, but they added experience and extra determination to Sunday's effort."

Each player on the team scored at least one goal. Michael Torguson scored the first goal of the day on Sunday. Brandon Mock scored two goals in our final on Sunday.

Tommy Reeder and Mitchell Walk also scored goals and did an exceptional job covering the entire field at great speeds and guarding opponents.

Trevor Clark scored a goal and did an incredible job at defending, no one got by him. Avery Dodd ran full out the entire time he was on the field and was the leading goal scorer with four goals.

Fans as well as Coach David Dodd and his Assistant Jonathan Clark were elated with the results and so proud of our boys.

Tommy Reeder and Michael Torguson.

**FORTY YEARS AGO**  
July 29, 1965 - It's all supposed to be a big secret but the whole town's talking about the prospect of a movie being filmed in Bay St. Louis this fall. A man who declined to identify himself or the company he represents, reached by tele-

phone at the Chamber of Commerce's office Wednesday, said it was premature to release any information until "all the papers have been signed." He added he had just checked with his superiors in California. However, informed sources report the building owned by August Rauxet on Third Street, just south of the ice house, is the locale for the film if present plans materialize, a railroad incline in Waveland will be used for one scene and that actress Nathalie Wood will be one of the stars. Ann Baxter is mentioned as another star.

- Gold Medal Bakery, established at Washington and Booker Streets in 1915, was destroyed by fire shortly after daybreak Sunday. Mitchell Kachler, owner, said he was alerted to the blaze when a customer reported seeing smoke coming through the louvers in the roof. Going into the brightly baking area, he discovered the trouble through a crack in the

chimney and called to the sales girl, Emelda Asher, to phone the fire department. Fire Chief Walter Saucier and Kachler estimated the lost at \$60,000 and the owner is in negotiations for equipment to rebuild the installation on the same site. Kachler, who bought the Gold Medal Bakery in Pass Christian from his brother in 1948, acquired the Sanitary Bakery from Mrs. Alfred Vassalli in 1954 and combined his operations here. Its trade areas extend from Clermont Harbor to the outskirts of Biloxi.

**FIFTY YEARS AGO**  
August 4, 1955 - Maurice Artigues, Jr. has been signed by Southwestern Louisiana Institute to play football. Maurice signed with the Lafayette College Monday for a full, four year scholarship. This includes books, tuition, board and other fees. Artigues graduated from St. Stanislaus in June. He lettered three years at the local prep

school. In his last year, he played center for the Rockachaws, and was one of the mainstays of the team. Artigues was named to The Sea Coast Echo All Star team and received 200 nominations for the Mississippi All Star Football game. While working with some of the younger boys during spring training, Artigues twisted his knee and had and had an occurrence of an old injury. Shortly after that he had an operation in New Orleans and has since recovered completely from the injury.

- Kent Sellier, star end of the Bay High Tigers' 1954 football team, represents Bay St. Louis Friday night in the annual Mississippi All Star football game in Jackson. Sellier was chosen as a member of the 33 men squad in April. He received the largest number of nominations in the entire Southern District. Sellier was named to The Sea Coast Echo's All Star team and the All Desota Conference team. He was

the big gun in Bay High's attack last year.

### SIXTY YEARS AGO

August 3, 1945 - According to Dr. C.M. Shipp, Hancock County Health Officer, stray dogs in Bay St. Louis are beginning to present a real problem for local authorities. During the last few months, an average of 12 people per month have been bitten by dogs that promiscuously run the streets, and it is interesting to note that most of those bitten are school children. This is a problem that many people feel should be receive immediate attention.

- Lt. Carl Aiken, III, U.S. Coast Guard, son of Mr. and Mrs. Gayle Aiken of Waveland, executive officer on the U.S.S. Serpens AK-97, an ammunition ship, sunk by enemy submarine attack in the South Pacific last January 29. Only two men of the approximately 200 were saved. The explosion was heard 60 miles away. Lt. Aiken had entered the service before Pearl

Harbor. His brother Lt. Hugh Aiken, U.S.N.R. has just returned from two years active duty in the South Pacific having taken active part in six major invasions.

## RESTAURANT REVIEW

Presenting some of the Finest Restaurants on the Mississippi Gulf Coast

# Attention Restaurant Owners...

Advertising is an investment in the success of your restaurant. Every restaurant has competition, either within the town, or nearby city. Your potential customers are being courted by your competitors. If you do not invite those customers to do business with you, they are likely to forget you and dine elsewhere. It is not uncommon for consumers to switch their dining habits from one restaurant to another. Advertising helps to keep old customers and equally as important, make new ones.

Our community is constantly growing which means that potential customers are moving into the market area all the time. Advertising gives these newcomers a reason to visit your restaurant.

Most businesses budget for their advertising expenses just as they do for other necessities such as rent, phones, etc. Smart business people realize that advertising is imperative to keep their business growing.

Another reason to advertise is that advertising is news! You profit by telling our readers what is new in your restaurant. Through advertising, you can let a wide audience know what specials you are offering, perhaps what entertainment you may have and the character of your restaurant.

If you have something to sell, then you have something to advertise. When you have nothing to

advertise, you are out of business. Advertising is designed to build your business and works best when it is repeated regularly. Consistent advertising pays off.

Now that you know some of the reasons to advertise, you're probably wondering how you can advertise most effectively. Surveys show that ads in local newspapers have more impact than in any other medium. The Sea Coast Echo goes into the majority of the homes in Hancock County. The Sea Coast Echo is full of interesting reading, it is a part of our community. People like to read about people and The Sea Coast Echo is full of pictures and stories about local people. The most important reason to advertise in The Sea Coast Echo is that our readers are your customers.

If you're looking for the best advertising value for your money, then you should contact the advertising department at The Sea Coast Echo. One of our advertising representatives will be happy to discuss the many advertising options offered by The Sea Coast Echo. For more information you may call 467-5474, Monday through Friday 8am to 5pm, or stop by our office at 124 Court Street, Bay St. Louis.

Since 1892, The Sea Coast Echo is proud to be a part of your community.

BY JOSEPH W. GEX II

Staff Writer

The Hancock Lady Hawks (1-1) hosted the Long Beach Lady Bearcats on Tuesday, August 16th in high school girls volleyball action.

The Lady Bearcats defeated the Lady Hawks in three sets 10-25, 18-25 and 16-25.

Hancock head coach Amie Stennett commented, "Long Beach has a big team and they played well tonight. I thought we did a much better job of communicating and moving around. We still need to work on our attack and our serves."

The Lady Hawks will host the Lady Admirals on Thursday, August 18th beginning at 5pm. Hancock will also be a featured team in the 4th annual Gulf Coast Kickoff Classic on Friday and Saturday at OLA. Also on Tuesday night, the Crescents (5-0) took to the road and defeated Biloxi in three sets 25-16, 25-11 and 25-14.

Kaylee Schmitt led the team with 13 kills while Sarah Loiacano led the team in points and assists with 19 and 28, respectively.

## 4th Annual Gulf Coast Kickoff Classic volleyball tournament

BY JOSEPH W. GEX II

Staff Writer

Volleyball has been in full swing for some two weeks now. The 4th annual Gulf Coast Kickoff Classic, hosted by Our Lady Academy, is set to serve up fans with a heavy dose of volleyball action beginning on Friday, August 20th at 4pm.

The tournament features all 16 Coast teams that play volleyball. The teams are divided into pools of four schools that will play three matches of pool play. The winners of each pool advance to the

championship bracket.

The teams featured in this year's classic are Bay St. Louis, Biloxi, East Central, Gautier, Gulfport, Hancock, Long Beach, Mercy Cross, Oak Grove, Ocean Springs, OLA, Pascagoula, Pass Christian, Resurrection, St. Martin and Vancleave.

OLA won the initial crown in 2002 followed by Vancleave in 2003. The Crescents defeated the eventual state champion Bay High Lady Tigers last year for the title. From all indications at the start of the 2005 season, Bay High, Long Beach, East

Central and Vancleave seem to be the favorites to claim the title from OLA.

The tournament and the t-shirts presented to players are again sponsored by State Farm Insurance and its local agents.

Play begins at 4pm in the Father Peter Mockler Gymnasium on the campus of OLA. Two matches will be played simultaneously throughout pool play. The matches on Saturday are set to begin at 8am with the championship game slated for 3pm. Admission is \$5 for the entire tournament.

Ponset added 6 kills.

On Saturday, August 13th the Crescents traveled to Northwest Rankin to play Ridgeland and NW Rankin. OLA was triumphant in both matches.

The Crescents defeated NW Rankin in four sets by the scores of 18-25, 25-13, 25-19 and 25-15.

Amanda Meyers led OLA with 12 points while Shelly

Victoria Romano added 13 kills. Sarah Loiacano led the team in assists with 13 followed by Shelly Reboul with 11.

OLA also needed four sets to dispose of Ridgeland. They won with scores of 17-25, 25-23, 25-22 and 26-24.

Margaret Rittiner led the team in scoring with 12 points while Kaylee Schmitt added 12 kills. Shelly

Reboul led the team in assists with 16.

The Crescents will travel to Oak Grove on Thursday, August 18th to tangle with the Lady Warriors beginning at 6pm. The Bay High Lady Tigers were off on Tuesday evening but will host the Biloxi Lady Indians in their first home game of the season on Thursday beginning at 6pm.

## Loveless & Byrd to perform at Bay Magic

THE SEA COAST ECHO

**C**ountry music super stars Patti Loveless and Tracy Byrd perform at Casino Magic Bay St. Louis on Friday, September 30 at 9 p.m. Tickets for this once-in-a-lifetime concert event start at just \$19.95 and are available through the Casino Magic Box Office, by calling 1-800-5-MAGIC-5 or through any Ticketmaster outlet. Premium seating and hotel packages are also available.

Patti Loveless' musical dreams began as a child in Pikeville, Kentucky. Loveless, a coal miner's daughter, started playing guitar at age 11, signed her first recording contract in 1987 and has produced 14 Top Ten hits. Gifted with an unfailing ear, she has built a 20-year career around exceptional songs. What country music jukebox would be the same without "Blame It On Your Heart," "How Can I Help You say Goodbye?," "Here I Am," "You Don't Even Know Who I Am," "Halfway Down," or "You Can Feel Bad."

The Country Music Awards honored Loveless with the "Female Vocalist of the Year" and "Album of the Year" awards for When Fallen Angels Fly, and the Academy of Country Music recognized her as "Female Vocalist of the Year" for two consecutive years.

"I feel much more confident these days in the way I approach a song," says Loveless. "On my last few records, I've just let myself feel a sense of freedom and trust. I've made a lot of records and I feel fortunate to be able to continue making them. So now I think, I just want to flow with it. Enjoy it."

On Loveless's latest album, Dreamin' My Dreams, the joy is infectious. With a crew of the industry's finest musicians including her husband, Emory Gordy, Jr., Loveless' music reflects the vital richness of an artist at the height of her powers.

The title track from Tracy Byrd's ninth album, The Truth About Men, is a hit already. Men and women alike have been singing along with the anthem about gender differences when Byrd performs it live. But there's more fun where that one comes from on his latest album, Tracy points to "Drinking Bone," "How'd I Wind Up in Jamaica," "Baby Put Your Clothes On," and a rollicking, live version of "Ten Rounds With Jose Cuervo," captured in El Paso, as evidence that he's back in the good-time niche.

Patti Loveless

his fans love best.

You go back through the years with Holdin' Heaven, 'Lifestyles of the Not So Rich and Famous,' Watermelon Crawl' and T'm From the Country—those kind of songs have always done real well for me," says Byrd.

After an experimental detour on his 1999 release, It's About Time, Tracy got back to the tried and true for Ten Rounds, issued in 2001. His success with the single "Ten Rounds With Jose Cuervo" told him his fans craved the upbeat sing-alongs. "That was in my mind going back into the studio," he says. "I wanted to cut some more fun records. Number one, they seem to work at radio for me. Number two, I tour a lot—I still do 110 dates a year—and I love having those kinds of songs in the show. They just seem to be my niche."

Which is not to say that Byrd has forsaken ballads and songs with emotional depth. This is, after all, the guy who cut one of the most moving ballads of the 1990s, "The Keeper of the Stars."

Tracy has lived for 16 years in nearby Beaumont, Texas, with his wife, Michelle, and kids Evee, Logan and Jared. He gives back to the community with his annual Tracy

Byrd Homecoming Weekend, held on the last weekend in March. A fishing tournament, concert and golf tournament raise money for the Children's Miracle Network; the proceeds have also underwritten the Tracy Byrd Hyperbaric Medicine and Wound Care Center at Christus St. Elizabeth Hospital in Beaumont.

In addition to his philanthropic activities, Tracy hosts the Mossy Oak's Hunting the Country TV show on ESPN2. "I love making music, and I love this job," he says. "It doesn't feel like one, and never has. I just absolutely still get fidgety and tickled about going in the studio and making records, and about going on stage. It's great to wake up and love your job like that."

Don't miss Patti Loveless & Tracy Byrd at Casino Magic Bay St. Louis on
